The above correspondence was discussed and action taken as necessary.

Audrey reported that a Township resident had a serious head injury after being mauled by three dogs at the end of December. The resident was transported to Lehigh Valley Hospital, Cedar Crest, for treatment. The local Board of Health did not receive any information on this dog bite, so we do not know if the dogs were quarantined. Audrey will follow up with Animal Control and the County Board of Health for information on this incident.

Jeff Waldron stated that China is having a very serious problem with the Avian Flu.

It was reported that a property on Hawks Schoolhouse Road has had sofas along the road for about a month. There have been rain showers and snow covering this furniture, which was probably put along the road for anyone to pick up. The wild animals could possibly build a nest or move into this furniture at this time. Pearl will report this issue to the Zoning Officer.

Tony Szumski made a motion to adjourn the meeting, seconded by Jeffrey Waldron. The meeting adjourned at 8:05 P.M.

Respectfully submitted,

Pearl M. Hammerstone, Secretary
