The above correspondence was discussed and action taken as necessary.

Donna Lizanich attended a Drill on November 2, 2019 from 5:00 to 9:00 PM at the Community Center, which is the main shelter in an emergency. It went very well and was attended by the Holland Fire Department, EMS, CERT and even the Holland Pharmacist, who would provide drugs to people sheltered there who left their pills at home in an emergency.

Lisa Mickey mentioned an article where children are spending too much time on social media, especially girls. There is a documentary film, "Screenager" that can be rented, and she wondered if this was something the Board of Health could use. Audrey stated to contact the school to see if they were interested.

The issue of vaping was discussed. The biggest problem seems to be the counterfeit ingredients. It would be up to the County Board of Health to enforce the local establishments that may be selling these products. The State is trying to pass legislation on the age of young people trying to buy vaping products.

Audrey congratulated Lisa Mickey for her winning the election to the Township Committee for another year. She is an asset to us on the Board of Health as well as the Township Committee.

Christopher Balogh made a motion to adjourn the meeting, seconded by Donna lizanich. The meeting adjourned at 7:56 P.M.

Respectfully submitted,

Pearl M. Hammerstone, Secretary
